## Opportunity

Throughout the year, there are always many opportunities available to undergraduates to enhance your knowledge and experience in the field of Economics. Below are different types of opportunities currently available.

### **JOB, RESEARCH ANALYSTS OR ASSISTANTSHIPS, INTERNSHIPS OPPORTUNITIES**

**Personal Financial Advisor :** The skills that are required from a personal financial advisor are good knowledge of economics, finance, numerical literacy, communication, active listening, analytical, statistical, negotiation skills and many more.

**Business Reporter :**The skills that are required for a business reporter are business acumen, investigative, research, analytical, problem-solving, ethics, truthfulness and many more.

**Product Manager :**The career of a product manager is a challenging one for aspiring economic graduates who have excellent interpersonal skills and leadership qualities. One has to be everywhere to make sure that the product meets the customer's expectations all the time.

## **Future Plan**

- To concentrate upon introducing more skill development courses
- To start departmental library and increase e-access to several resources
- To get associated/ clubbed(MOU) with agencies
- To increase students' participation at institutional and social responsibilities
- To help tribal and rural students avail more job opportunities.
